The  Moscow Times

Hewlett-Packard's Moscow offices were searched by law enforcement officials Wednesday as part of an investigation into the U.S. computer maker, Olga Ekkert, a spokeswoman for the company, said Wednesday.

"Investigative actions are being carried out as part of an international legal assistance assignment" from German authorities, the Investigative Committee said, without elaborating.

HP is cooperating with the investigation, Ekkert said, declining to provide details. ☒
