

## 5 Jump Out of Window

September 29, 2010

**The  Moscow Times**

Five managers of a Moscow-based firm selling biologically active additives broke their legs after jumping from a second-story window in an attempt to flee police investigators who came to search their office, RIA-Novosti reported Wednesday.

The managers were hospitalized after the incident Tuesday, a law enforcement source said, without identifying the men. He did not elaborate on what prompted the search of the company, Zdorovye Ot Prirody, or on whether any charges might be filed as a result of the investigation. It was not immediately clear which food products used additives made by the company. ☒
