

Bomb at 'Dom-2' TV Show

April 24, 2011

The  Moscow Times

A private security guard lost a hand and another guard sustained minor injuries when handling a bomb an unidentified attacker planted on the premises of the "Dom-2" reality show, Interfax reported Sunday.

The bomb was located in a bag lodged in the fence, a police spokeswoman said, adding that another explosive device was found nearby and successfully disarmed.

A law enforcement source said police suspect a man who earlier threatened one of the participants, Vlad Kadoni, but did not elaborate.
