

# Khodorkovsky Tells Russians to Vote

October 12, 2011

**The  Moscow Times**

Jailed former Yukos CEO Mikhail Khodorkovsky has called on Russians to vote in upcoming elections, Vedomosti reported on Wednesday.

"Go to the polls and vote as your conscience tells you to," he said in an article.

Khodorkovsky called Prime Minister Vladimir Putin's decision to run for president a step backwards and the end of the modernization promised by Medvedev.
