

# Russia's Crazy Roads: Flying Car Stuns Drivers

By [The Moscow Times](#)

February 28, 2013

**The  Moscow Times**

Drivers in the city of Alexandrov in the Vladimir region were stunned to see a Volkswagen Polo quite literally fly through an intersection after the driver lost control of the vehicle. In the video, witnesses can be seen rushing toward the injured driver, who, miraculously, suffered only a broken leg in the shocking gravity-defying crash.
