Japanese trading company Mitsui & Co. will invest almost 1 billion rubles (\$30 million) in the republic of Buryatia's timber processing industry, Vedomosti reported Monday.

On Aug. 5, Matsui agreed to buy a 40 percent stake in timber felling company Baikalskaya Lesnaya Kompaniya, a <u>statement</u> on the company's website said.

Of the money invested, 720 million rubles will go toward the construction of a plant for processing sawmilling by-products and manufacturing biofuel pellets.

The proceeds from a secondary offering of shares will be used to refinance its arrears with Sberbank, BLK CEO Evgeniy Pruidze said.
