November 05, 2013

The planetarium was the first to be built in the Soviet Union. **Stone_Cold_Crazy**

Eighty-four years ago today, on Nov. 5, 1929, the first planetarium opened up in Moscow. The planetarium was only the 30th to be built worldwide, and this sparked massive interest from the public with the poet Vladimir Mayakovsky even writing a short poem for the occasion.
