

Russia's Central Bank Made No Forex Interventions on Dec. 17

By [The Moscow Times](#)

December 19, 2014

People walk past the headquarters of the Central Bank in Moscow.

The Central Bank said Friday that it had conducted no forex market interventions on Dec. 17.

The Central Bank releases its interventions data with a two-day lag and has spent more than \$80 billion defending the ruble this year.
