

Barbie Takes a Trip to the U.S.S.R.

November 24, 2017

Yekaterinburg-based artist and photographer [Lara Vychuzhanina](#) takes Barbie and Ken on a trip through time, back to the U.S.S.R.

A stern Ken never stands up from the table. Barbie hangs laundry, sips coffee and daydreams. The young couple's cat keeps a laser focus on the wall. Each scene reveals a new detail of Barbie's journey overseas — even the food is Soviet.
