The Start of the Snowy Season Through Instagram

December 11, 2017

During winter months in Russia, you don't need to go far to find postcard-perfect scenes of fluffy white snowflakes. Best wake up at the crack of dawn before all those pedestrians and cars ruin the winter fun.

Before the cold sets in, we asked you to share your most beautiful shots of the arrival of winter on Instagram. Here are some of our favorites.

Want to participate? This week's theme is "Russia's best views." Take your best photo and submit it on Instagram by tagging us @themoscowtimes or using the #themoscowtimes hashtag.

Or join us on a walk through the park, which was last week's topic.
