

The Impressive Sight of Moscow's VDNKh Engulfed by Flames

December 13, 2017

Instagram @ssvetlaniaa

A fire broke out in the central pavilion of the VDNKh park in Moscow on Tuesday.

The pavilion had been closed for reconstruction, which was expected to [continue](#) until Fall 2018 before Tuesday's fire.

Russia's Emergency Situations Ministry [reported](#) that around 100 square meters of scaffolding caught fire.

The cause of the incident remains unclear.
