Russia's Churches As Seen Through Instagram

February 28, 2018

Russia has been blessed with a church on just about every street corner. Last week, we asked you to send us some of your best shots of spires in the motherland, with pictures ranging from Moscow's most iconic places of worship to hidden gems in Sergiyev Posad and 15th century woodwork on Kizhi Island. Here are some of our favorites!

Next week, to celebrate Women's Day, we're looking for your best photos of the many females who make Russia what it is: your regular grocery store lady, your mom, a particularly interesting metro babushka. Submit your picture on Instagram by tagging us @themoscowtimes or using #themoscowtimes hashtag.

Or check out last week's Maslenitsa festivities here.
