Video: Car Park Fire Destroys 15 Moscow Buses

May 04, 2018

Moskva News Agency

A fire has reportedly destroyed 15 Moscow passenger buses in what the authorities suspect was arson.

An eyewitness video shows the vehicles burning in the darkness with small explosions going off in the background.

“A total of 17 buses were damaged in the fire, 15 of which burned out completely,” an unidentified informed source told Interfax early Friday.

The source cited arson as the probable cause of the blaze in southwestern Moscow.

The Russian Emergency Situations Ministry's Moscow branch said there were no casualties, and added that the fire had been put out an hour after authorities received the alarm.
