"No one seems to be concerned about the fact that porn actresses have their own rating

system when it comes to size and what 'average' means," he said in a news segment titled "Militant Porno."

"Her partners in film were selected on the basis of unnaturally grotesque dimensions."

"So let's support Trump, purely as men," he told viewers.

The Rossia broadcaster's Vesti Nedeli news show anchor accused Washington's political establishment of "bullying."

"How do you think Donald Trump should answer?" Kiselyov implored. "Is he supposed to pull down his zipper and whip out his goods?"
