# Russian Luxury Car Makes European Debut at Geneva Motor Show

By Reuters

March 12, 2019

Russian luxury car manufacturer Aurus introduced its vehicles to the world at the Geneva International Motor Show in Switzerland last Thursday, March 7. Visitors to the show, which showcases the latest in automobile design and concepts, got a glimpse of a high-end armored Aurus Senat limousine, as used by Russian President Vladimir Putin. Here are some up-close looks at the newly unveiled vehicle:
