Blast Rocks Siberian Arms Depot, Two Hospitalized

By Reuters

August 05, 2019

tvk6.ru

Two Russians were hospitalized with shrapnel wounds on Monday after a blast at a Russian military base in the Siberian region of Krasnoyarsk, the state-run RIA news agency cited doctors and emergency services as saying.

Embed:

An ammunition depot at the base caught fire and people in the nearby village of Kamenka were being evacuated, emergency services were quoted as saying.
