December 04, 2019

Are you looking for Christmas presents to your family and friends, something with Russian theme and contemporary design? Nemkaberlin is the exclusively hand-made unique ceramic brand produced and sold in Moscow.

Nemkarberlin

Our German friend Stephanie makes beautiful, modern ceramic with the skyline and matroesjka's on cups, mugs, teapots, vases, plates and more. The ceramic quiality is very good and Stephanie adds new items to her collection every season. For Christmas we love the ornament with Moscow's skyline.

And the best thing is that she can even customize ceramic artwork for you with a special message or a picture you choose. We ordered several personalized goodbye gifts with "*From Russia with love*" in Russian on a ceramic tile or a logo of someone's private business.
