The 'Golden Insanity': Putin's Alleged Palace in Photos

January 31, 2022

Jailed Kremlin critic Alexei Navalny's investigative team has published hundreds of photos of a huge Black Sea mansion allegedly built for President Vladimir Putin. Released one year after their infamous "Putin's Palace" investigation, which helped fuel nationwide protests that were followed by a sweeping crackdown, the latest video already has 8.4 million views on YouTube. Here's a look inside the alleged "Putin's Palace":
