War in Ukraine: The Impact on Climate Diplomacy

Eurasian Climate Brief

June 24, 2022

In this episode, we're speaking with Bill Hare, a physicist and climate scientist with 30 years' experience in the science, impact and policy responses to climate change and stratospheric ozone depletion. He is a founder and CEO of Climate Analytics, which was established to synthesise and advance scientific knowledge on climate change and provide state-of-the-art solutions to global and national climate change policy challenges.
