

In Photos: Russia Through the Eyes of Belarusian Artist GM_Collage

August 03, 2023

Collage artist GM_collage combines photos of symbolic people, places and things in surreal arrangements to lay bare the contradictions, nuances and hypocrisies of modern Russia. When contacted by The Moscow Times, the artist declined to share details about their identity, only saying that they are from Belarus and now live in Georgia. The Moscow Times is republishing some of GM_collage's works here with the artist's permission:
